Half-Hearted Procession Marched Into a Cathedral.

London, Dec. 17 .- London's unemployed London, Dec. 17.—London's unemployed made a demonstration at St. Paul's cathedral this afternoon in a half-hearted, hopeless and unusual manner. Only a few hundred of them, with appropriate banners, went in procession from Trafalgar square to the cathedral, where they arrived during the progress of the service, and up the steps of which they marched, singing the "Marseillaise." Here the motley crowd was joined by contingents from other quarters, and all, to the number of some \$5,000, began filing into the cathedral silently and respectfully, making an incongruous picture in orshipers. Such a scene has not been thessed at St. Paul's since twenty cars ago. when John Burns, now presint of the local government board, led similar demonstration to the cathedral.

Reports of Commissioners Request That Appeals From Towns Be Disregarded.

New York, Dec. 17.—The national relief committee in this city for the victims of the massacres in Russia today received copies of the first reports sent to Sir Samuel Montague in London by Dr. Paul Nathan and G. Stettaner, the special commissioners of the international relief committee, who are distributing the relief fund. The commissioners describe the condition and obstacles which they are combatting. The work is going forward as rapidly as possible under the circumstances. Already relief has been given to hundreds of families in the larger cities. The commissioners are concreting wherever possible with the St. Petersburg committee, which, it is stated has been very active, and with local committees. Towns which have raised funds will be asked to save them for their own relief. The commissioners suggest that no sum be sent to any town in response to urgent telegrams or appeals after the commission and the St. Petersburg committee have together decided upon the relief necessary.
